

Library Letter Quest

Find the letters hidden around the playground and the library that spell out the password. Look up the password in the library catalog to find exactly where the book with this Quest stamp is hidden among the shelves.

Park: At the playground by the library

Duration: 30 minutes

Mostly grass and one road crossing

- (1) At the children's playground, look for the signs on how to "Play it * _ _ _ ." Use letter marked with the asterisk.
- (2) A tall white pole stands at the Hanson Memorial. At the top is a * _ _ _ . Use the first letter of the word for what flies from it.
- (3) Behind the pole is a cedar with three trunks, a step up, and a secret chamber. Find the letter you need hanging from one of the trunks.
- (4) Even further back is a beech with twisted roots and no ocean or sand. A clue hangs high behind it.
- (5) Seek a letter on the welcoming post in the shelter for summer musicians.
- (6) Cross the diamond to the stone pillars at the entrance way. On the rust colored column, note the ninth letter of the eighth line dedicated to Amory Lawrence.
- (7) Past the pillars is a fence with stone posts. A plaque tells us that these posts were part of the fence around _ _ * _ _ * _ _ College for over 50 years. The asterisks mark the letter you want.

- (8) At the library, acquire the third letter from the sign welcoming all.
- (9) At the base of the long stony stair, a metal worm hides in a _ _ _ * . Take the last letter from this word.
- (10) Benefit from Cicero's wisdom, take his last letter in the ring of ten stones.
